Preamble to Rule Book.
PNTSDF rule book.

Pacific Northwest Teen Square Dance Festival
P.N.T.S.D.F.

The Pacific Northwest Teen Square Dance Festival provides opportunities for young people up to and including 19 years of age to meet and enjoy competition in Square Dancing, Calling, Round Dancing and Cueing along with those up to and including 23 years of age in Exhibition Dancing.

This Festival has been held annually since 1950 at various locations in the lower mainland areas of British Columbia.

In 1975, the Festival was held for the first time in the Seattle Area of Washington. In 1976, the festival was returned to the British Columbia area, and since then has been held predominantly in Canada with an occasional year in Washington. In 1998, Eugene Oregon hosted the 49th Festival before it returned to British Columbia, where it originated.

The Festival was originally sponsored by the Teen Town organization, but in recent years adult guidance in the organization has come mainly from interested square dancers and leaders from both sides of the border. These people are strictly volunteers as the PNTSDF has no paid administrative positions.

Varying categories and levels of competition are provided, ranging from easy to very challenging and the award structure is arranged so as to provide a maximum of recognition for sincere effort at every level.

It is not necessarily how much a competitor knows about square dancing, but how well they can do those things they already know. As explained in this quote, taken from the monthly issues of Sets in Order, "The object of the game is not simply to get from point 'X' to point 'Y' in as few steps as possible, but to cover the distance smoothly, comfortably and to the beat of the music. Rough dancing is not good dancing. Good dancing is smooth and effortless, allowing time for pleasure as one goes along."

Most entries come from British Columbia and the State of Washington, and more recently Alberta and the States of Oregon and Alaska, but are welcome from anywhere. Any organization, group or school that can assemble and train an entry is cordially invited to take part.

The rules and requirements in this book have been made as simple as possible, but prospective entrants who may be unfamiliar with the terminology are welcome to contact the appropriate committee for clarification on any point. Committees will also supply entry forms, housing information, etcetera upon request.

TABLE OF CONTENTS

This rulebook contains several sections. Each section is specific to a given category of competition or the Festival's administration. A general rule may be repeated in specific sections for the purpose of eliminating any need to "flip" through the book.

The Layout of the book is set in a codified, standard format. We are striving to maintain consistency throughout the book. Should you find anything that seems to conflict with the codification standard, please bring it to the Rulebook Committee's attention in writing. Thank you!

General Codification Layout

The THOUSANDS digit (section) is the most general category:

- 1000 = General Eligibility
- 2000 = Square Dancing Competition
- 3000 = [For Future Use]
- 4000 = Calling Competition
- 5000 = Round Dance Competition
- 6000 = Cueing Competition
- 7000 = Exhibition Competition
- 8000 = General Policies
- 9000 = Administration of the PNTSDF
- 10,000 = Awards: General

The HUNDREDS digits (subsections) within each COMPETITION section are standardized:

- 000 = General Performance / Overview of the category.
- 100 = Competitor: Definition, Specific Eligibility & Alternates
- 200 = Categories of Competition within the Section
- 300 = Round ONE: Definition, Requirements & Guidelines

- 600 = Scoring methods related to the Section
- 700 = Terminology Specific to the Section
- 800 = Policies Specific to the Section
- 900 = Awards Specific to the Section

The TENS & ONES digits are used to sequence each rule.

Should you need to specify a specific line in a rule, 4101.4.6 would tell the Rulebook Committee that you have a concern about

Rule # 4101
Line 4
Word number 6.

This is not generally used within the representatives' meetings, but is available for anyone who chooses to utilize the system.

2000) Square Dancing Competitor Regulations

NOTE:

Performance requirements are intended to test the dancers' knowledge of basic movements of square dancing as demonstrated by their ability to respond gracefully and accurately to calls.

2001) Sq Dnc: Basic Category Determination

The level of competition within the Categories is based on the number and complexity of basic movements which entrants may be called upon to perform. These moves are detailed in the current published Callerlab Lists and further clarified under **Appendix "B": List of Basic Movements**.

2002) Sq Dnc: Minimum Requirement

All Teams shall dance three singing calls.

Higher Categories shall continue on and dance to one or more patter calls, usually pre-recorded on tape, or other acceptable audio recordings.

Appendix A-4 must be submitted prior to March 15th.

2100) Square Dance Team

NOTE:

Although a Square Dance Team is defined as including a Caller, regulations in this section refer to the dancers. The Caller shall be subject to the regulations under **section 4000 "Square Dance Calling Regulations"**

2110) Sq Dnc: Basic Team Definition

An entry in the Square Dance competition shall consist of 8 Dancers (4 couples) and a Caller. This unit shall be referred to hereafter as a "Team". The left and right dancer in each couple must be easily identified by their outfit (e.g. colour, dress, sash, etc.) [9/12]

Square Dance teams must register (Appendix A-4) with the current coordinator prior to March 15th of the current year. See Appendix A-1.

- a) ~~Following Round One, the six (6) squares with the highest score in the **Preteen** Category shall advance to Round Three.~~ [SUSPENDED 09/11]
- b) All **Junior, Intermediate** and **Senior** squares must advance to Round Two.
- c) ~~Following Round Two, the six (6) squares with the highest aggregate score in the **Junior, Intermediate** and **Senior** Categories shall advance to Round Three.~~ [SUSPENDED 09/11]
- d) All squares shall advance to Final Mysteries unless a square chooses to withdraw from Round Three. [09/11]

2450) Sq Dnc: Mystery Rounds: Isolation of Teams

Teams dancing in the same Category of Mystery competition are required to wait their turn in a location where they cannot hear these calls. It is recommended that whenever Round Dance Hash and Square Dance Mysteries are scheduled simultaneously, there be more than one isolation hall to accommodate contestants in both disciplines who have completed one portion but not the other.

Competitors will not be allowed to possess electronic devices during the time they are secluded in isolation halls. [09/12]

PNTSDF will not be responsible for any lost or damaged electronic devices.

[Continued next page]

2480) Sq Dnc: Deviation from Standard Procedures

Any changes to Further Rounds listed above may be at the discretion of the Chief Square Dance Judge or the programming committee, and must be approved by the Chief Square Dance Judge.

2490) Sq Dnc: Mystery Recordings, Secrecy Requirement

Recordings are made by a caller whose identity, prior to presentation of the recording at Festival, is not revealed to the contestants. It is essential in this part of the competition that no dancer has prior knowledge of the calls or caller before actually dancing the Recordings in competition.

2491) Sq Dnc: Mystery, Disqualification

Any attempt to obtain prior knowledge of the contents of the Mystery Recordings, or to reveal any information to Teams in seclusion, or any activity by anyone which could otherwise compromise the secrecy of the Mystery Round shall result in the disqualification of the Square Dance Team(s) involved.

2500) Square Dancing: Judging

2510) Sq Dnc: Judging of Teams

Competing Square Dance Teams will be judged as a team, not as individuals.

2520) Sq Dnc: Selection of Judges

The current Festival Coordinator will instruct the current Chief Square Dance Judge to select the Square Dance Judges on as broad a basis as possible, including judges from all countries represented by the competing Teams.

2530) Sq Dnc: Judges, Round One (Display)

There shall be 2 Judges per Team competing.

Traditionally there are 3 sets of Judges on the floor as there are usually 3 Teams competing per flight. This number will be allowed to vary but the ratio should stay the same of Judges: Team.

2531) Cue Sheet Checker: Location Of And Duty Of...

The "Cue Sheet Checker" will be situated in a location that is visible to the Judges on the floor.

The Festival Day Committee will place a "spotter" at each Judges' table to watch the Cue Sheet Checker for an indication that the competing Caller has made an error or deviated from the actual written choreography. [see rule 4710]

The spotter's job is to inform the Judges that an **error** has been made.

The Festival Day Committee will instruct their Judges that when an error is made by the Caller, they are to take this into consideration **and judge the dancers accordingly**.

If there is a cue sheet error detected in Round One (Display) the Chief Square Dance Judge shall, upon receiving notification of any perceived error, immediately notify the appropriate Club representative that an error was flagged. [06/14]

It will be allowable, if it proves feasible; to eliminate the spotters and replace them via some type of electronic means to signal the Dance Judges on their table top.

2532) Sq Dnc: Timing Judges: Rounds Two & Three

There shall be 5 Judges, with Stopwatches, timing each Team competing in Rounds Two and/or Three (Mystery Calls competition).

2533) Sq Dnc: Mystery Recordings: Chief Timer

The method of obtaining (and recording) times from the Timing Judges at the completion of each mystery flight will be at the discretion of the Chief Square Dance Judge by either.

One Chief Timing Recorder shall record all times for each flight of Teams and submit times to the appropriate scorekeeping official.

One Chief Timing Recorder per square shall compile the times for a participating Team and submit times to the appropriate scorekeeping official. [11/12]

[Continued next page]

2534) Sq Dnc: Other Judges: Rounds Two & Three

There are 3 other Judges who judge the categories of Rhythm and Grace, Enjoyment, and Posture and Styling; one Judge for each category.

Each Judge evaluates only one of the categories listed and shall therefore judge each of the Teams dancing during the flight. (i.e.: The Enjoyment Judge scores all three Teams at the same time during a flight of mysteries.) This holds true for all three Judges, that they shall eventually judge all Teams competing in a given division of the Mystery Rounds (i.e.: They will judge all of the Junior division).

2540) Sq Dnc: Judges, Location Of

For each competing Team in Round One, Judges for each Team are placed at a single table located near the Team to be observed, in a spot that has no obstruction or distractions between the Judges and the Team being evaluated. The Square Dance Judges are separated from each other, thus preventing communication between the two, by the placement of the Calling Judge who is sitting between them. This would make a SJ, CJ, SJ placement at the table.

In Rounds Two and Three the other judges may be placed at a single table where they can observe all competing teams without obstruction or distraction between the Judges and the Teams being evaluated.

Judges are not allowed to communicate in any way during the evaluation of Teams.

2550) Sq Dnc: Judging Guidelines: "Bench Marking"

All Square Dance Judges will be instructed to award each category of judging with a Six (6) to begin each round, and remove one point per deviation from accuracy or add one point per proficiency of performance.

2551) Sq Dnc: Timing: Judges Preview Requirements (Mystery)

The Chief Judge shall, as soon as possible, have all Timing Judges dance the Mystery Recordings and familiarize themselves with the movements in them.

2560) Sq Dnc: Judge Policy: Conflict of Interest

No chosen Square Dance Judge, Timing Judge, or the Square Dance Chief Judge shall be involved with teen competitors in the teaching or grooming of any competitor(s) within a period of eight months immediately prior to the current, upcoming Festival competition. [06/15] Any contact with competitor(s) must be perceived to be impartial [09/10] [11/12]

Any former PNTSDF Square Dance competitor may not be appointed judge for a period of two years after their final participation in the PNTSDF Square Dance division.

2600) Scoring Procedures: Square Dancing

2610) Sq Dnc: Scoring: General

Competitors in all Categories perform three singing call dances during Round One. Competitors in all but the Novice Categories perform patter call dances (Mystery) during Round 2. Scoring methods and advancement are covered in other Sections.

2620) Square Dance Scoring, Round One

Points are awarded for: **Rhythm**, **Enjoyment**, **Ability To Follow The Call**, **Posture**, and **Styling**.

The total possible for any Team is 370 points, approximately 60% of which are for the side positions and 40% of which is for the prepared Display Square.

	<u>Positions 1 & 3</u>		<u>Position 2: Display</u>	
	<u>Multiple Factor</u>	<u>Maximum Points</u>	<u>Multiple Factor</u>	<u>Maximum Points</u>
Rhythm	1	10	3	30
Enjoyment	2	20	5	50
Ability To Follow Call	4	40	1	10
Posture	2	20	2	20
Styling	2	<u>20</u>	4	40
Maximum points possible / round-->		110 (x2)		150

The table above illustrates the maximum points possible for each category. Each Judge will award up to 10 points for each category. The Scorekeepers will then multiply each category by the factors listed above to derive a total for that category.

An illustrated score sheet for Round One might look as follows:

<i>Round One</i>	<i>Judges Score</i>			<i>Product Score</i>			<u>Totals</u>
	<u>Position #</u>			<u>Position #</u>			
	<u>1</u>	<u>2</u>	<u>3</u>	<u>1</u>	<u>2</u>	<u>3</u>	<u>All</u>
Rhythm	8	8	7	8	24	7	39
Enjoyment	6	8	7	12	40	14	66
Ability To Follow Call	9	9	9	36	9	36	81
Posture	7	8	8	14	16	16	46
Styling	8	8	8	<u>16</u>	<u>32</u>	<u>16</u>	<u>64</u>
Totals--->				86	121	89	296

To calculate the above system, in the "Rhythm" category you take the Judge's score of 8 in position #1, multiply it by the factor listed in the table above to derive the product of 8 in Product Score Position #1. In the same regard, Position #2 for "Rhythm" is 8 times 3 to get the product of 24, and so on.

[Continued next page]

2630) Square Dance Scoring, Rounds 2 & 3

The total number of **seconds** during which a Team is dancing accurately will be counted directly as points. The time registered with the Chief Timer shall be converted to a value of one point per second.

Of the 5 values derived, the High and Low scores shall be "thrown out" and the remaining scores shall be used. Exception: Where possible no less than three (3) times will be averaged.

Extra points will also be awarded for **Rhythm and Grace, Enjoyment, and Posture and Styling**, for a possible 50 points.

To continue the illustration from the previous paragraphs:

Round 2		Timer Number						
		1	2	3	4	5		
Time in Seconds								
Totaled, adjusted, averaged	277	354	342	496	317	= 1013/3	= 338	
Extra Points: Totaled		11	14	7			<u>32</u>	
Round Total							370	
Balance brought forward from Round 1 ----->							<u>296</u>	
Total through Round 2 ----->							666	

Round 3		Timer Number						
		1	2	3	4	5		
Time in Seconds								
Totaled, adjusted, averaged	188	308	294	281	307	= 822/3	= 294	
Extra Points: Totaled		14	14	6			<u>34</u>	
Round Total							328	
Balance brought forward from Round 2 ----->							<u>666</u>	
Total through Round 3 ----->							994	

2631) Basic Mystery Scoring

Scoring in Mystery Square competition is based largely on stopwatch timing of the periods during which dancers are responding accurately to the calls given.

A Mystery Square will not be considered broken down if the dancers are out of sequence or in "Arky" position, i.e.: two girls dancing together when it should be two boys, are not broken down providing they are dancing correctly to the given calls.

2640) Scoring for Categories of Competition (See also Section 2900)

The total score for a Team is a cumulative total of the score for all required Rounds, as defined in sections 2300 and 2400. For each Category, these Rounds are:

Preteen Novice and Novice	Round 1 Only
Preteen	Round 1 (Top Six) + 3 Total [06/08]
Junior, Intermediate and Senior	Round 1 + 2 + 3 (Top Six) Total

~~**2650) Square Dance Scoring Calculations**~~

~~The Square Dance Score Calculation Form is used as a worksheet and guide to determine each team's score. One form is used for all Categories of dancers. [See rule 2660]~~

~~The intent of the above rules is incorporated into the design of this form. [SUSPENDED 11/12]~~

2700) Square Dance Terminology

2710) Square Dancing Definition, General

Basically, a square dance routine done to a melody, the metre and sequence of steps being arranged so as to suit that melody.

2720) Singing Call Definition, [See Rules 4321 & 4710]

Patter Call Definition [See Rule 4720]

2730) Sq Dnc: Competency

Dancers will be rated on their abilities in Rhythm, Enjoyment, Ability to Follow the Call, Posture, and Styling.

2731) Rhythm:

The ability of the square or individual dancers to correctly do the call and dance or move their feet and hands with the beat of the music.

2732) Enjoyment:

The dancers' apparent pleasure in dancing and shall be judged more by their actions than by just having a smile on their face.

2733) Ability to follow the call:

The ability of the dancers to do the call effortlessly and correctly in time with the music.

2734) Posture:

The correct posture of the dancers shall be in a comfortable, straight position, not a slouched, hipshot position. However, a physical handicap will not be judged for an incorrect position when it is not possible to have correct posture.

2735) Styling:

Doing the given call smoothly, effortlessly and comfortably in time with the music, with the entire square working together. Extra flourishes shall be taken into consideration.

2800) Square Dance Competition Policies

2801) Sq. Dancing Support: Dancer Availability for Calling Competition – Rounds Two and Three:

In addition to such dancing as is required for their level of competition, all dancers have an obligation to be available throughout the Festival to make up squares for the various Rounds of the calling competition:

- 1) There shall be three squares on the floor directly in front of the stage, made up of club level dancers, Preteen, Junior, Intermediate and Senior competitors and/or Club Advisors dressed in square dance attire.
- 2) Composition of squares shall be mixed as to group affiliation.
- 3) Dancing shall be competition styling and only eligible dancers can be in the front three squares. An eligible dancer is defined as a Square Dancer who has the ability to dance the full Callerlab Mainstream List.

2802) Square Dancing: Side Pos., Dancing to Own Caller

In Square Dance competition, Round One, Teams competing at either of the 2 side positions, but dancing to their own club competitor Caller, shall be penalized three points per position.

The Team will not be penalized in the event of a programming error.

CONTINGENCY: If the Category is short of entries to compose a flight from 3 different clubs, a "Contingency Ghost Square" may be substituted at the discretion of the Festival Day Committee and/or the Festival Coordinator.

2803) Square Movement Limitation

All couples moving onto the floor, moving to the Display Position, moving to the third position and moving off of the floor will do so in standard couple position, promenade one full promenade and stop at home.

Flourishes are allowable provided that they do NOT take any more time than a standard promenade as outlined above.

2810) Sq Dnc: Movement List: Changes to

Individual movements may be added, deleted or changed by a majority vote at any given PNTSDF meeting, with the exception of the Representative's meeting held the day before competition. [see Rule 2001]

These amendments will become effective in January [see Rule 9810] [09/13] of the dance year immediately following the dance year in which the changes were implemented.

2811) Sq Dnc: Mystery Recordings: Acquisition of

It shall be the responsibility of the Festival Coordinator to acquire, or direct the Chief Square Dance Judge or other delegate to acquire, the Mystery Recordings in accordance with the guidelines set forth elsewhere in this rulebook.

2812) Sq Dnc Mystery Recordings: Production Deadline

Mystery square dance recordings shall be made well in advance of competition and presented to the Chief Square Dance Judge no later than April 1st.

[Continued next page]

2813) Sq Dnc Mystery Recordings: Production Requirements

Mystery tapes, compact discs (or equivalent recordings) are **required** to be recorded in stereo with the voice on one track and music on the other.

2814) Sq Dnc Mystery Recordings: Production Recommendations

It is a recommendation of the PNTSDF Committee that all movements in the appropriate Categories be used.

2815) Sq Dnc: Mystery Recordings, Time Limitations:

Preteen

The Mystery Recording shall be between 7 and 8 minutes in length for **Final**. [06/08]

Junior and Intermediate

The Mystery Recordings shall be between 4 and 6 minutes in length for **Preliminary** and between 8 and 10 minutes in length for **Final**.

Senior

The Mystery Recordings shall be between 8 and 10 minutes in length for **Preliminary** and between 10 and 12 minutes in length for **Final**.

2816) Sq Dnc: Mystery Recordings: Rejection Of

If the Recordings are found to be unsatisfactory by the Chief Judge, it will be responsibility of the Chief Square Dance Judge to secure other means of presenting Mystery calls; either by acquiring new Mystery Recordings or by some other means.

2830) Sq Dnc: Mystery Recording, Difficulty of Content Guideline:

The following is a guide to the caller creating the Mystery Recordings for the PNTSDF.

The method outlined below is to assure accurate evaluation of ability while affording an encouraging experience for our youth. The percentages are for content of patten in relation to the time allotted for a given Category. We desire to build confidence and alleviate nervousness, while offering a challenge in the middle portion and then close by having everyone a winner.

Timing is of critical importance. The opening credo of the PNTSDF states that "The object of the game is not simply to get from point X to point Y in as few steps as possible, but to cover the distance smoothly, comfortably and to the beat of the music..."Please be accurate with your timing. Don't give too many beats for a move, but then again, don't shortchange the dancers either.

[Continued next page]

2830) Sq Dnc: Mystery Recording, difficulty of Content Guideline: (continued)

At NO time are extra helps acceptable in any Category. By extra helps we mean telling the contestants they are in lines or columns; have their original partner; "should be home"; etcetera. We expect them to know where they belong. **Please follow the limitations in the List of Basic Movements we provide.**

Category	Easy Opening	Tough Middle	Easy Closing
Preteen Final:	50%	25%	25%

50%) Open with easy sequence. The idea is for flow; easy "standard" choreography. No special cueing but plenty of places to recover with enough time to recover, maybe even some extra beats.

Give these 8-12 year olds time to get over their nervousness.

25%) Work into more difficult sequences, while staying within the guidelines provided in the List of Basic Movements. Use position work while maintaining flow. Keep fractionalization to a bare minimum: One to Three maximum for ENTIRE Mystery and then use on only the "super-basic" calls (a move they ALL should know perfectly).

In the past, we have "blown-away" our Preteens with choreography they could not handle. You almost can NOT be too easy.

Suggest throwing in easy "confidence builder" licks between toughies.

25%) Finish tape with EASY, STANDARD positioning, "everybody wins" choreography.

[Continued next page]

2830) Sq Dnc: Mystery Recording, difficulty of Content Guideline: (continued) [09/02]

Category	Easy Opening	Hard -----	Medium Middle	Hard -----	Easy Closing
Junior Preliminary & Final:					
Intermediate Preliminary & Final:	25%	20%	10%	20%	25%
Senior Preliminary & Final:					

25%) Start basic, standard "At-A-Dance" type of choreography.

Give time to get over nervousness. No extra cueing throughout.

50%) Work into more intricate choreography with varied positions. Feel free to work pretty hard here.

25%) Finish Mystery with good, smooth "winning" choreography.

Pretty much anything goes in the Final Mystery, but we would like you to consider the percentages listed. Use a lot of APD. Good flow. No helps! Proper timing throughout, no extra recovery for this round, it's the Final Mystery. This one decides the Category Champion Team.

Seniors dance a high level and are expected to know the lists from all positions. They are supposed to be the best so put them to the test.

2840) Sq Dnc: Categories: Minimum Team Requirement

~~In order for there to be a valid Square Dance competition a minimum of two Teams are required. In order for Champion Awards to be presented these Teams must successfully fulfill all of the requirements for their given category.~~ [SUSPENDED 09/12] When there is only one Team entered in a category, they will be presented with the Champion trophy. [09/12]

2850) Sq Dnc: Penalty for Late

If a Competing Square Dance Team is not available as needed, there will be a five minute warning announced in the appropriate hall, and where feasible in the other halls. If after 5 minutes have elapsed and the Square Dance Team is still not available a 5 point penalty will be assessed. After a total of 10 minutes has elapsed a further 10 points penalty will be assessed. After 15 minutes have elapsed a further 15 point penalty will be assessed. After a total of 20 minutes, the Square Dance Team will receive zero (0) for that round.

[END OF SECTION]

4000) Square Dance Calling Regulations

NOTE:

Performance requirements are intended to test the Caller's ability to elicit enjoyment and graceful, accurate responses from the dancers.

4001) Calling: Basic Category Determination

The levels of competition within the Categories are based on the numbers and types of square dance calls which entrants may be called upon to perform. These are detailed elsewhere within this rulebook.

4100) Calling: Team Definition, Eligibility & Alternates

Note:

Although a Square Dance Team is defined as including dancers, regulations in this section refer to the Caller. The dancers shall be subject to the regulations under Section 2000 (Square Dancing Competition Regulations)

4110) Calling: Definition

To enter in Calling competition, a boy or girl must be a member of a Team as defined under Section 1000 (General Eligibility), rule 2110, and this Section.

4111) Calling: Caller Registration

Callers must register (Appendix A-5) with the current coordinator prior to March 15th of the current year. See Appendix A-1

4115) Calling: Club Affiliation

To compete in the PNTSDF, a Square Dance Caller must be registered in a "Team" as a square dancer, alternate, or caller. ("Team" is defined elsewhere.) All Callers must be members of a participating Square Dance Club. An eligible Caller may call for another Club. [see rule 2115] [9/12]

4120) Calling: Competitor Registration

The name listed on the square dance entry form as the Team Caller will qualify for calling. The Team Caller is not required to dance, but may dance subject to Sections 1000 and 2000. [see rule 1020] A Solo Caller must dance in a judged position in Round One. Appendix A-2 must be submitted prior to March 1st and Appendix A-5 prior to March 15th.

4140) Calling: Alternate

A competing Caller, who is unexpectedly unable to compete, may be replaced by any other caller, satisfactory to the Chief Square Dance Judge, on a competing or non-competing basis. [see rule 4150]

NOTE: Alternates (Spares) must meet all eligibility requirements in order to compete.

4150) Calling: Non-Competitor Emergency Exception

No one enters as a non-competitor except in the case where a Caller is unexpectedly unable to compete in the event of illness or accident and there is no alternate readily available. The Festival Coordinator may then approve/appoint a replacement in a non-competitive status. [see rule 1050]

4151) Calling: Caller Participant Shortfall (Emergency exception)

The following guidelines shall be used to cover these situations:

- 1) The Caller and his recording must meet all eligibility requirements and other regulations pertaining to competition.
- 2) The Caller may call as a competitor or in a non-competitive status as negotiated by the Festival Coordinator. If the Caller chooses to compete, all regulations and entry fees are applicable.

[Continued next page]

4160) Calling: Square Dance Category Participant Shortfall

Occasionally a shortfall of Teams requires the Festival Coordinator to schedule a "Ghost Square" to be able to fulfil the requirements of a given Square Dance Category. The following guidelines shall be used to cover these situations:

- 1) The Festival Coordinator has the responsibility to appoint a caller to call for this "Ghost Square". It is the Festival Coordinator's responsibility to acquire the singing call recording needed (or delegate the responsibility) and the caller to be used.
- 2) This "Ghost" square has a non-competitive caller only, calling to an empty display position, using a singing call of the Festival Day Committee's, Coordinator's or Chief Square Dance Judge's choice. [see rule 2320 for exception] The selection of the singing call should be commensurate with the Category and must be approved by the Chief Square Dance Judge.

4170) Calling: Competitors Without a Square

Callers who do not have a competing square to call for, may qualify for calling as a Solo. This square does not have to be a "team" under rule 2110, but all 8 dancers in this square must qualify under all other applicable sections and all dancers must be capable of dancing at the level of the category that the Solo Caller's singing call qualifies for. [11/12]

All Solo Callers must be assigned to a specific registered square and call to the level of the registered square in Round One. [09/13]

~~In order to qualify as a Solo Caller, a competitor must have a minimum of one year's patten calling experience at the PNTSDF Festival. [SUSPENDED 06/12]~~

Any extra Callers who do not have a square to call for, therefore not meeting the requirements of a Team, will not be permitted to call in competition as a "ghost entry."

4171) Calling: Maximum Solo Callers per Club.

Maximum number of Solo Callers **per** Club shall be limited by the following formula: Total number of competing Callers per Club is limited to 2.00 callers **per square entered**. [09/05] No square may have more than one Solo Caller assigned to it. [06/08]

4200) Calling Categories

4210) Calling: Category Overlapping

In calling there are 6 distinct categories a Caller may enter which cannot overlap. They are: **Preteen Novice, Preteen, Novice, Junior, Intermediate** or **Senior**.

For example: A Novice cannot win a Senior award nor can a Junior win a Preteen award.

4220) Calling: List of Categories

Preteen Novice:

All entrants can be up to and including 12 years of age as of May 1st in the year of the Festival.

Entrants will be eligible for Preteen Novice awards if they have never previously competed in a Calling capacity concerned with the Pacific Northwest Teen Festival or any comparable competitive Festival.

Preteen Novices will only compete against other Preteen Novices.

Preteen Novice entrants do not compete for "Champion" awards.

Preteen:

All entrants can be up to and including 12 years of age as of May 1st in the year of the Festival.

Preteens will only compete against other Preteens.

Novice:

All entrants **must** be 13 to 19 years of age, inclusive, as of May 1st in the year of the Festival.

Entrants will be eligible for Novice awards if they have never previously competed in a calling capacity concerned with the Pacific Northwest Teen Festival or any comparable competitive Festival.

Novices will only compete against other Novices.

Novice entrants do not compete for "Champion" awards.

[Continued next page]

4220) Calling: Categories (continued)

Junior:

All entrants **must** be 13 to 19 years of age as of May 1st in the year of the Festival.

This Category is open to anyone who has previously competed in any level of Preteen calling, or anyone who has last completed level of calling was Novice.

No entrant may compete as a Junior if he has ever competed as an Intermediate or Senior Caller.

Any Caller winning the Junior Championship **must** compete as an Intermediate Caller or higher in subsequent years.

Intermediate:

All entrants **must** be 13 to 19 years of age, inclusive, as of May 1st in the year of the Festival. No entrant may compete as an Intermediate if he has ever competed as a Senior.

Any Caller winning the Intermediate Championship **must** compete as a Senior Caller in subsequent years.

Senior:

All entrants **must** be 14 to 19 years of age, inclusive, as of May 1st in the year of the Festival. Note that the distinction between Senior and the other Categories is more the expected level of accomplishment than in the age requirement.

4230) Calling: Categories, "Personal Choice Option"

The above eligibility requirements will not prevent a Caller from competing in a higher Category, if so desired, providing all other requirements are met.

4231) Calling: Category Alignment

The Category a Caller competes in need not be the same as that of the dancers in his Team.

4232) Calling: Category For "Professional"

Any Caller regarded as "Professional", receiving remuneration, or equivalent on a regular basis, which shall be defined as more than 10 engagements during the current festival year [06/08], for calling (i.e. employed) is restricted to Senior Calling Category only, but not as a Solo.

4300) Calling: Round One: Display

4310) Calling: Round One

The portion of the Festival in which all competing Callers call their required standard singing call shall be referred to as "Round One".

4320) Calling: Display Round Calls

Each caller shall be required to call one standard singing call to his own Team and at least one other Team competing at the same time. This display call will be submitted to the PNTSDF Square Dance Chief Judge along with an original cue sheet. [see rules 4332 & 4351] [11/09]

This Singing Call is performed during Round One of the Square Dance competition.

Exception: Solo Callers shall be required to call to appropriate squares. [see rule 4170]

4321) Calling: Singing Call

For purposes of all singing call rounds of competition, a standard singing call shall be considered to be one which adheres to the description filed in the **Terminology** section and is supplied in one of the acceptable media formats defined in rules 4362 & 4363 together with an accompanying printed call sheet as specified in rules 4322 and 4350. [09/05]

Cue sheet(s) to be used on competition day must be submitted, together with the original published singing call cue sheet, to the Chief Square Dance Judge, and will be a fully written cue sheet with the exact order of breaks and figures, from first break/figure to last figure/break **in order of sequence** to be called. [09/15]

4322) Calling: Singing Call: Changes to Choreography

Callers may alter "filler patter" to suit their preference and may substitute the opener, middle break, ending and figures of their singing call from a provided approved PNTSDF list of figures found in Appendix B. [09/02]

If a command on a cue sheet is in parenthesis, it is not an optional command and it must be delivered each time it is listed, especially if it is critical to the execution of the dance.

Any singing call routine that is published with a singing call recording offered for public sale that meets that meets the current PNTSDF criteria for the appropriate level is allowed, as long as it is approved by the current Chief Square Dance Judge. (The expectation is that singing call routines published with commercial recordings were selected to be danceable.) [09/13]

The published singing call must be verifiable and category appropriate. [09/06]

Whenever a singing call routine is substituted for the one published with the recording, it must contain at least one movement that is not in a category lower than the one being called to. The exception would be Novice that would contain one movement from movements **53 to 61**. [03/07]

A recording of the competitor calling the singing call with the substituted routine is to accompany the original cue sheet submitted to the Chief Square Dance Judge. [01/03]

The Swing, Dosado, and take your girl (take her by the hand, etc.) can be interchangeable to facilitate improvement in timing. [01/03]

4323) Calling: Singing Call: Current Choreography

All calling cue sheets submitted must contain current terminology and if there is any question or discrepancy on whether or not it is current, the Chief Square Dance Judge will be the sole interpreter.

Submissions that use call sheets other than the Original call sheet produced with the record must clearly state "re-issue and/or not original" on the call sheet! The source for digital data must be provided for on-line verification and proof of authenticity.

In the event the original cue sheet is unavailable, either a copy of the record or a GOOD quality recording **ALONG WITH** a typewritten transcription (must be exact) of the called side of the record will be accepted in place of the original cue sheet.

Submissions missing either the original cue sheet or identification of the source of the digital data submitted will be automatically rejected unless BOTH a recording and typed transcript is substituted.

[Continued next page]

4554) Calling: Judges: Communications between

Judges are required to make their own decision when it comes to evaluating the competitors. The PNTSDF highly values their judgement and request that they not be influenced by other's opinions nor is it our wish they impose their opinion upon any other Judge.

Judges are allowed to freely communicate with their judging colleagues in the breaks between Callers, and at all other times during the day.

The communication limitation is defined as that time Judges are in possession of judging scoresheets.

Judges should use discretion about discussing scores and giving opinions during competition day until competition day is completed.

4560) Calling: Judge Policy: Conflict of Interest

No chosen Calling Judges or Square Dance Chief Judge shall be involved with preteen/teen competitors in the teaching or grooming of any competitor(s) within a period of eight months immediately prior to the current, upcoming Festival competition. 4570) Calling: Judges: Unable to Clearly Hear Competitor

Judges may stop the competition and have the sound corrected if they are unable to hear the competitor clearly. [SUSPENDED 11/12]

4700) Calling: Terminology

4710) Singing Call Definition, General:

Basically, a square dance call done to a melody, the metre and phrasing of the call being arranged so as to suit that melody.

A typical singing call, as published in record form by a modern square dance recording company, consists of breaks and figures repeated in a pattern. Repetition of the break and figure are usually done with little or no variation.

Preteen Novice, Novice, and Preteen singing calls must be only one figure called twice for the heads then twice for the sides. [06/08]

Junior singing calls may be a maximum of two figures, published on the same cue sheet, each called once for the heads and once for the sides. [06/08]

Intermediate singing calls may be a maximum of two figures each called once for the heads and once for the sides. [06/08]

Senior singing calls may be up to four figures called in any order of heads/sides but must be to the heads twice. [06/08]

Other, less common patterns may reduce the number of breaks to two, one or none.

4720) Patter Call, General:

Basically, a square dance call done to music in which the melody is subordinate to rhythm and phrasing. The Caller is not restricted to any particular pattern or sequence of movements except that each movement called must be compatible with the preceding and following movements, that is, the dancers must be in a position to do what is called.

It is also expected of a Patter Caller that wherever the movements called produce a change of partners and/or sequence of couples within the square, subsequent calls should return the square to its original formation by the end of the dance. Failure to do so would create uncertainty as to what is expected of the dancers.

* **Note:** For the purposes of P.N.T.S.D.F., patter is defined as "a medley of miscellaneous steps and figures in Square Dancing".

[Continued next page]

4730) Calling: Competency

Callers will be rated on their abilities in Knowledge of Call, Command, Tone & Pitch, Rhythm & Phrasing, Personality, Timing, Enunciation, and Clarity.

4731) Knowledge of Call:

In Singing Rounds, Caller should know the call letter perfect (with the ability to vary somewhat the filler/patter, phrasing and melody of the call.)

In Patter Round, Caller should exhibit confidence and be successful in producing continuous, smooth flowing choreography that results in the square returning to its original starting formation.

4732) Command:

The Caller should be in command of (have authority over) the floor of dancers and the calls (commands) should be given in a concise, no-nonsense manner.

4733) Tone & Pitch:

The tone of the Caller should be pleasing to the ear, not screechy or raspy or monotone. The pitch of the Caller's voice should be the same note of the music, which simply means - the Caller should be able to "carry a tune".

4734) Rhythm & Phrasing:

The Caller should have the ability to give his commands with emphasis on the downbeat so that the call is within the phrase of the music. In patter round the caller should use rhyming and filler material as time keepers. This is not necessarily important to the execution of, or direction needed, for a movement.
[09/10]

4735) Personality:

The Caller should appear to be happy and enjoying his job; should move about the stage somewhat, watch or at least look at all of the squares, and should be keeping time (tapping his foot or snapping his fingers for example) with the music.

4736) Timing:

Calls should be given at the proper time for the dancers to execute with a smooth flow. The most effective performance by the dancers should be achieved by regulation of the time or speed.

4737) Enunciation:

Movement words should be emphasized so that they are distinct and pronounced so that they are easily understood.

4738) Clarity:

Calls should be given crisply, cleanly, and be clearly understandable to all dancers on the floor.

4800) Calling: Policies

4801) Calling: Extra Rounds, Composition of Dancers on Floor

The Master of Ceremonies, and/or Floor Manager and/or Chief Square Dance Judge may suspend proceedings and direct dancers on the floor to correct any situation which is perceived to be unfairly to the advantage or disadvantage of the performing Caller.

4810) Calling: Movement List: Changes to

Individual movements may be added, deleted or changed by a majority vote at any given PNTSDF meeting, with the exception of the representatives' meeting held the day before competition. [see rule 2001]

These amendments will become effective in January [see rule 9810] [09/13] of the dance year immediately following the dance year in which the changes were implemented.

4820) Calling: Club Caller Limitations

Club callers, or a designated person acceptable to the Chief Judge, may appear on stage with a competitor to provide moral support. He will confer with the sound technician who will adjust the **initial** volume, bass, treble, etc. for the competing Caller.

4821) Calling: Caller "Prompting"

No one shall be allowed to prompt or cue a competing Caller subject to disqualification of the preteen/teen Caller. Representatives are required to notify all club members and those associated with their club that this section has a severe penalty. [06/08]

4830) Calling: Cue Sheet Review and Rejection Policy

The Cue sheets will be checked by the Chief Square Dance Judge, then the club representatives will be given written (email) confirmation that the cue sheets have either been accepted or rejected (if a call has an unapproved movement or non-current terminology) by March 15th. The Chief Square Dance Judge will inform the representative of a re-submittal deadline for the new choice of singing call cue. [11/12]

4831) Calling: Disposition of Cue Sheets

The Chief Square Dance Judge will retain all approved cue sheets and produce them for the Cue Sheet Checker at competition.

4840) Calling: Sound Equipment and Adjustment

Selection of sound equipment to be used will be at the discretion of the sound committee chairperson.

The sound adjustments will be made by a sound technician and inadequate sound reproductions will be corrected by an appointed person in charge of sound, or by any Judge deeming sound inadequate or unclear.

4841) Calling: Sound Equipment Limitations

All switches, if any, on the microphone will be made inoperable. This is applicable to microphones in both the Main Hall and the Patter Hall.

4850) Calling: Penalty for Late

If a Competing Caller is not available as needed, there will be a five minute warning **announced** in the appropriate hall, and where feasible in the other halls. If after 5 minutes have elapsed and the Caller is still not available a 5 point penalty will be assessed. After a total of 10 minutes has elapsed a further 10 points penalty will be assessed. After 15 minutes have elapsed a further 15 point penalty will be assessed. After a total of 20 minutes, the Caller will receive zero (0) for that round.

5000) Round Dancing Competitor Regulations

Note:

Performance requirements are intended to test the Round Dancers' ability to execute accurately and gracefully the movements of the dance as detailed in the cue sheet.

5001) Rnd Dnc: Basic Category Determination

The level of competition within the Categories is based on the number and complexity of basic movements which entrants may be called upon to perform. These moves are detailed in the current published Roundalab Lists, are further detailed under Appendix "C-1", Definitions of Basic Round Dance Terms as they pertain to competition. Step selections to be used in a particular division are listed in Appendices C2 through C6.

Note: Appendix "C", Round Dance: List of Terms forms part of section 5000, Round Dancing Competition Regulations.

5002) Rnd Dnc: Overview

All competitors are required to learn and perfect to the best of their abilities a minimum of two Round Dances as assigned by the PNTSDF.

Some Categories are required to go into further rounds of competition to test their skills. This test is accomplished by the playing of a prerecorded Hash that has Round Dance Cues encoded and the Couples are judged according to their abilities to respond spontaneously.

5150) Rd Dnc: Alternates: Exceptions to Eligibility

Exception to the above requirement for an alternate Dancer, in the case where a Dancer is unexpectedly unable to compete in the event of illness or accident and there is no eligible alternate readily available, may be made on application to the Chief Round Dance Judge. It must be proven that genuinely unforeseen circumstances will otherwise prevent participation of the other Dancer. [see rule 1050]

Two Judges each award a value for **Rhythm** and award a value for **Enjoyment** in each of the two dances. The Scorekeeper applies a Multiple Factor according to the table below. [06/08]

Two Judges each award a value for **Posture** and award a value for **Styling** in each of the two dances. The Scorekeeper applies a Multiple Factor according to the table below.

Execution	-2	70
Choreography	-1	35
	Multiple Factor	
Rhythm	3	30
Enjoyment	2	20
Posture	1	10
Styling	1	<u>10</u>
Maximum points possible/dance-->		175

The table above illustrates the maximum points possible for each category. Each judge will award up to 10 points. The Scorekeeper totals all awarded points, then **divides** this total **by two** to calculate the score.

For each Couple, the score for the Judge with the highest score for the Round; and the score for the Judge with the lowest score for the Round, are not used. The remaining four scores are averaged to determine the Couple's score for the Round One dances.

8520) Policy: Judges: Interaction of.

During the actual judging of competing "Teams", "Couples", "Callers" or "Cuers", no Judge is allowed to communicate in any way with anyone, except the Chief Judge of their division, in regards to the category they are evaluating.

8521) Policy: Judges: Placement of

During the actual judging of competing "Teams," "Couples", "Callers" or "Cuers", Judges shall not be located adjacent to any other Judge who is judging the same category.

In the event they are near each other, i.e.: Square Dance Display competition where 3 Judges sit at a table, the Judges are not allowed to communicate with each other from the time the first scoresheet is received until the last scoresheet is picked up. This guideline shall hold true for all phases of the PNTSDF.

8522) Policy: Judges: Handling of Scoresheets.

At no time are the Judges to compare official scoresheets with another Judge.

Other than the Festival Coordinator, Chief Judges, Scoresheet runners or Scorekeepers, no one is to handle or see the official scoresheets once the Judge fills them in.

8600) Scoring Policies

8610) Policy: Scoring Errors

Upon discovery of an error in the awards presentation of any category, the following procedure for correction and re-issuance of the award will apply:

- 1) Immediately upon discovery notify the Board of Directors.
- 2) The Board of Directors shall then, after review and verification of the error, request the return of the award(s).
- 3) At this point, the Club has until the next representatives' meeting to return the award. It is requested that the award be returned sooner, if possible.
- 4) The Board of Directors shall then redistribute award to proper recipients.

Note: This rule is not intended to permit challenges to any Judge(s) scoring/scores

8620) Policy: Scoring: Publication of Scores, Breakdown Listings.

Each individual item a "Team", "Couple", "Caller", or "Cuer" is evaluated on shall be listed when scores are published following a competition. Each Judge's score will be listed (in random fashion), with calculations shown and totals printed.

8630) Policy: Scoring: Publication of Scores, Judge Identification.

Identification of individual judges shall not be made on any publication, except by a generic label and then they are not to be traceable to an individual.

8700) Policy: Audience

8710) Policy: Audience: Access to Halls during "Mystery & Hash"

The isolation rules listed elsewhere in the rulebook apply only to the "Teams/Dancers" or "Couples/Dancers" competing in the Mystery & Hash rounds of competition.

However, during the actual playing of the recordings, the doors to the halls will be closed and access limited to those people displaying the "Pass Ribbons" issued by the PNTSDF. At the Chief Judge's discretion, doors may be left unsecured. [06/08]

Egress to and from the halls shall be allowed during the time between the playing of each flight of competitors.

8711) Policy: Audience: Access to competitors during "Mystery & Hash"

The isolation rules listed elsewhere in the rulebook prohibit the interaction of Teams/Couples/Dancers with anyone who has observed the mystery/hash tapes. Interaction of any sort (except in the case of "Pass Ribbons" and the people involved in transferring competitors) can result in the disqualification of any Team(s)/Couple(s)/Dancer(s) involved.

8800) General Policies

8810) Policy: "Professional" designation or qualifications

The Pacific Northwest Teen Square Dance Festival is not concerned with any competitor (Square Dancing, Calling, Round Dancing, Cueing, Exhibition) who is teaching, calling, writing choreography, singing or dancing, round dancing, etc. "professionally" by receiving monetary reimbursement for their effort. [See rules 4232 and 6232]

8820) Policy: "Pass" Ribbons

Each Club will be given six (6) "PASS" ribbons on the day of competition to enable them to usher competitors from hall to hall while competition is in progress.

Pass/Official/Judge ribbons may be used to allow "passing" through monitored doors, as long as Rule 8711 is adhered to [see also Rule 8710] [09/11]. The pass ribbon will indicate to the door monitors that an interruption is absolutely necessary.

In order to ensure a sufficient number of pass ribbons per club (6), individual badges will be provided for the Club caller and cuer, to be turned in to the Festival Coordinator after competition. These will serve as "passes" for these individuals during competition.

8830) Policy: Intoxication

If anyone, adult or teen, is found in the hall during the Festival, intoxicated, he will be ejected from the grounds, with the discretion of whether or not they are intoxicated being left to the Chief Judges and the PNTSDF Committee.

If a competitor is found to be intoxicated, that individual will be disqualified from competition and whatever Club that individual member or advisor is currently with will be disqualified from qualifying for the Coordinator's Choice Award and any other special awards.

8835) Policy: Profanity

If an advisor, club caller, club cuer or competitor uses profanity, whatever Club that individual is currently with will be disqualified, at the discretion of the Chief Judge, from qualifying for the Coordinator's Choice.

8840) Policy: "Off campus" Alcohol & Drug incident policy

Any club, or part of, that is found to be participating in illegal alcohol or drug consumption at their place of lodging throughout the Festival weekend will be asked NOT to come back to the next Festival.

When reports reach the Pacific Northwest Teen Square Dance Festival in an official manner and are proven to be true, they will be brought back to the first PNTSDF committee/representatives' meeting where they will be discussed and the proposed solution voted on by the members.

8850) Policy: MC's guidelines concerning Preteens

As our Preteen age requirements will make it possible for very young dancers and callers to participate in competition, the Festival Day Committee will instruct their MC's, and all others who will be handling microphones, not to make mention of "cute-little-darlings", "angels", "tiny-people", or other endearments.

PNTSDF Definitions of Basic Square Dance Movements.

Basic Movements used in the Pacific Northwest Teen Square Dance Festival are based upon Callerlab "Definitions of Mainstream Calls". [09/03]

PREFACE

Specific limitations, if any, are given in the List Of Basic Movements for each different Category.

Objective:

The objective of the List of Basic Definitions is to provide clear, concise and simple explanations of the terms and calls used in the PNTSDF.

The specific meaning for each component of a "Formation" are: (See Callerlab literature for more clarification.)

1. Formation

Defines the geometric placement of the dancers, and their relative facing directions. It says nothing about boy-girl arrangements, partner pairings, etc.

2. Position

Names a specific place or places within a formation. E.g. the ends of a line. It does not name specific dancers, such as "Head Men". Rather it identifies a dancer by the spot he/she occupies.

3. Setup

Describes the exact location of all eight dancers at an instant in time. To specify a setup, you must name the formation, state the boy-girl arrangement, and identify the dancer in each position within the formation.

Positions within “Formations” have names. The ones the Pacific Northwest Teen Square Dance Festival are concerned with are:

4. Partner

Is the dancer beside you in the relevant two-dancer formation. Note that formation is relevant. E.g. if the centers are directed to work together they ignore the outsides when finding their partners.

5. Points and Centers

(in diamonds, hourglasses and galaxies) The points are the non adjacent dancers in the formation, while the centers are the nearest adjacent (central) dancers.

6. Leaders and Trailers

In any tandem (1 x 2) formation, those facing into the formation are trailers, and those facing out of it are leaders.

7. Centers, Ends and Outsides

The dancers closer to the center of the formation are centers and the others are ends or outsides. Note: “Ends” should be used only with Lines and Waves while “Outsides” should be used with all other formations.

8. Very Centers

This term is only used when exactly two people are adjacent to the center. These will be the two dancers closest to the flagpole center of the set.

9. For purposes of PNTSDF this is left blank.

10. For purposes of PNTSDF this is left blank.

11. Starting Formations

Starting formations are listed for each of the defined calls, either in this list or on the List of Basic Movements for any given category. The smallest basic formation has been listed herein. Multiples of this formation may be possible. For example, the minimum number of facing dancers required to do a DoSaDo is two. It is possible however, to have four dancers in a line facing four dancers in an opposite line ready for a DoSaDo. In this case, there are four multiples of the basic formation.

The following are accepted general rules:

12. Facing Dancers

Facing Dancers, unless otherwise specified may be any combination of men and women.

13. Couples

Couples, unless otherwise specified, may be any combination of men and women.

Standard Couples shall be defined as a couple that consists of a man and lady facing the same direction with the man on the left and the lady on the right. (Also known as Normal Couples, but for the sake of consistency Standard Couple will be used throughout this text.)

14. Passing Rule

Whenever two dancers are walking toward each other and are about to collide, they pass right shoulders and continue.

15. Same Position Rule\*

Whenever two dancers are walking toward each other and are required to occupy the same position, they join right hands in a mini-wave sharing that position.

\*NOTE: For the purposes of the PNTSDF, commands that require the use of this rule, except when it is an essential part of a given movement herein, are NOT acceptable.

16. Crossing Rule

Whenever two dancers are facing the same direction and are required to cross, the righthand dancer passes to the left in front of the lefthand dancer, while the lefthand dancer passes to the right behind the righthand dancer.

17. Facing Couples Rule

Some calls which normally start from ocean waves, can also be done when dancers are in facing couples (ie: Swing Thru, Spin the Top, Fan the Top, etc.). In this case, the dancers first step to a momentary right ocean wave and complete the call, unless the Caller specifically directs a lefthand call (ie: Left Swing Thru, etc.) in which case the dancers step to a momentary left ocean wave and complete the call.

Exceptions to this rule are listed in the body of the definitions.

This rule also applies when calls which require two parallel ocean waves (ie: Spin Chain Thru) are called with the dancers in an Eight Chain Thru formation.

18. Ocean Wave Rule

Some calls which normally start from facing couples can be done when dancers are in ocean waves (ie: Right & Left Thru, Box the Gnat, Square Thru, etc.) In this case, the dancers have already stepped forward toward the facing dancer and are ready to complete the remaining action of the directed call.

For the sake of dancer comprehension and teaching purposes, it may be necessary initially to have the dancers back up into facing couples, than step back into the wave and complete the call.

This rule also applies when calls which normally start from two facing dancers (ie: Turn Thru) are called from a mini-wave.

19. Split

When an 8 - Dancer formation is to be "split" into groups of 4 to do the call.

20. Box

When either - there is only a single box circulate formation which can do the call (e.g. the center 4 of parallel two-faced lines) or

- when the center 4 dancers are to do the call (e.g. from parallel waves)

Either way the dancers must be told to do the call.

21. Flip

The term "Flip" is used to mean an action where the designated dancer(s) will roll 180° in either direction, assuming the position that was originally adjacent to him. It is the same action that would occur if the designated dancer ("Flipper") was asked to do a Run Around an imaginary adjacent dancer and into the imaginary adjacent dancer's position on the floor.

There are descriptive terms that have not been formally defined before. For convenience some common ones are:

22. Directional Movement

Any physical motion that can be directed by the caller and executed by the dancers (ie: Forward, Back, Face Left, Turn Right, Half Way, etc.)

23. Line

(Unless otherwise specified) any kind of four dancer line - one faced, two faced, etc.

24. Face In

Means turn 1/4 in place, turning toward the center of the set.

25. Face Out

Means turn 1/4 in place, turning away from the center of the set.

26. Adjacent

Two dancers are said to be “adjacent” if they are close to each other with no intervening space or other dancers, regardless of the dancers’ facing directions.

[END OF SECTION]

This is the list of movements for the Preteen Novice division only.

PNTSDF Definitions of Basic Round Dance Terms

Step Selections used in the Pacific Northwest Teen Square Dance Festival are based upon Roundalab (RAL) “Standards For Round Dancing” July 2013. The RAL manuals are more general and cover the use of all Round Dance rhythms. The PNTSDF uses only a selection of these rhythms. See rule 5327 for PNTSDF Rhythm Selection for each Division. Step Selections to be used in a particular Division are listed in Appendices C2 through C6.

PREFACE

Specific limitations, if any, are given in the List of **Step Selections** for each different Category.

Objective:

The objective of the List of **Step Selections** is to provide a clear and concise list of the Terms and Cues used in the PNTSDF. There are seven (7) Components to describe what is happening during a Round Dance.

The specific meanings for each component of a “Round Dance” are (See Roundalab literature for more clarification):

- 1) **General Terms** (also called **Basic Terms**)
A Term that applies to any Phase or Rhythm.
- 2) **Direction**
Facing direction and the direction of movement are described in relation to a “circle” on the dance floor, that is, floor position. Up to Eight (8) floor positions are possible during a Round Dance, in relation to the extremities of the dance floor. Applies to any Rhythm at a particular Phase.
- 3) **Position**
Position, as used in Round Dancing, refers to the relative orientation, including hand-hold of the man and woman (couple), relative to one another, as they execute the Figures. Applies to any Rhythm at a particular Phase.
- 4) **Action**
Defined as motion without a weight change. Applies to any Rhythm at a particular Phase.
- 5) **Movement**
Defined as motion that requires a step be taken with a resulting change of weight. Applies to any Rhythm at a particular Phase.
- 6) **Figure**
A Figure is a specified movement or series of movements of the feet and body. Various amalgamations of Figures will make up a complete round dance. Figures usually span one measure, but may be defined for less than one, or more than one, measure. Applies to any Rhythm at a particular Phase.

7) **Styling and Dance Technique**

The manner in which Figures are danced. Styling should reflect the characteristics of the rhythm being danced and includes any embellishments (not changes) to the prescribed footwork, armwork, and postures that portray the personality and attitude of the dancers. The use of proper styling not only affects how a dancing couple looks to others, but greatly assists in executing Figures properly and easily. The importance of Styling is covered in depth in RAL Manuals.

The specific terms permitted in each Division are detailed in Appendices C2 through C6.

Segments of a Cue Sheet

1. **Introduction**

Is a short series of dance Figures leading into the main part of the Dance.

2. **Head Cue Lines**

Line containing the sequence of Figures (Cues) or key instructions for quick reference.

3. **Detailed Description**

Is an explanation of the Figures in the cue line, containing such essential information as floor alignment, body position, foot work, styling and timing.

4. **Ending**

Is a short series of Figures that finish the Dance.

5. **Bridge**

Is a short series of Figures, not more than Two (2) measures long, that connect major portions of the main part of the Dance.

6. **Interlude**

Is a series of Figures that also connect major parts of the Dance, but is more than Two (2) measures in length.

7. **Tag**

Is a short version of the Ending, usually One (1) measure.

Note: In addition to Phase and Rhythm, Choreographers should identify a Dance according to one of the following:

EZ Easy
AVG Average
DIFF Difficult

Some other Terms used in Round Dance Cueing

- A) Quick Cue (sheet)
Is a Cue Card that contains only abbreviated Cues sufficient to accurately prompt the Dancers.
- B) Preferred Cue Term (Pct)
Whenever two or more terms are used to describe the same motion, one is identified by RAL to be preferred over the other(s).
- C) Figure Family Concept
Is the amalgamation of Figures in groups that ensures greater success by those learning (particularly at higher levels).
- D) Core (Figures)
Is the grouping of Figures as a focal point for developing a lesson plan to be presented later in any progression.
